IRVINE, CA, and LIEGE, BELGIUM – February 4, 2013 – [MDxHealth](#) SA (NYSE Euronext: MDXH), a leading molecular diagnostic company that develops and commercializes epigenetic tests to support cancer diagnosis and treatment, today announced that Dr. Jan Groen, the Company's Chief Executive Officer, will present at the 15th Annual BIO CEO & Investor Conference on Monday, February 11th 2013 at 3.00 pm Eastern Time at the Waldorf-Astoria in New York, NY.

About the BIO CEO & Investors Conference

The Annual BIO CEO & Investor Conference is the largest investor conference focused on established and emerging publicly traded biotech companies. This year's conference will feature corporate presentations from more than 130 leading biotechnology and pharmaceutical companies. The presenting companies consist of a selection of mid- to large-cap established public companies from around the globe, who typically have a clinical stage program centered around therapeutics, molecular diagnostics, or a platform technology, as well as an upcoming clinical, regulatory, or corporate catalyst. More information on the conference can be found at www.bio.org.

About MDxHealth

MDxHealth is a molecular diagnostics company that develops and commercializes advanced epigenetic tests for cancer assessment and the personalized treatment of patients. The company's first commercial product, the ConfirmMDx for Prostate Cancer test, has been shown to help distinguish patients who have a true-negative biopsy from those who may have occult cancer. MDxHealth helps to address a large and growing unmet medical need for better cancer diagnosis and treatment information. The company has a proprietary platform and a strong epigenetic product pipeline focused on the development of products for brain and lung cancers. The company is based in Irvine, California with a European headquarters in Liege, Belgium. For more information visit MDxHealth website at www.mdxhealth.com.
