Extraordinary General Shareholders' Meeting

DURHAM, NC, and LIEGE, BELGIUM – June 23, 2011 – MDxHealth SA (NYSE Euronext: MDXH), a leading molecular diagnostics company in the field of personalized cancer treatment, held an extraordinary general shareholders' meeting at its registered offices in Liège on June 21, 2011. The invitation to this meeting was published on June 3, 2011. As this was a second meeting, there was no quorum requirement for the meeting. All items on the agenda were approved.

About MDxHealth

MDxHealth is a leading molecular diagnostics company that develops and commercializes oncology-based molecular diagnostic testing for personalized medicine. The company's tests are based on proprietary gene methylation technology and assist physicians with the diagnosis of cancer, prognosis of recurrence risk, and prediction of response to a specific therapy. MDxHealth collaborates with leading cancer research center such as Johns Hopkins University and Memorial Sloan Kettering, and major European academic medical centers. The company has a number of commercial and collaborative partnerships with LabCorp, Merck & Co./Schering Plough, GlaxoSmithKline Biologicals, Roche, Merck Serono, Pfizer, and other industry leaders. More information can be found on the Company website: www.mdxhealth.com or on twitter at the following address: www.twitter.com/mdxhealth.
